RESTRICTED AND SENSITIVE BUSINESS INFORMATION – DO NOT DISCLOSE

1. The Quarterly volumes provided by Customer pursuant to Section I.G.2-3 will be used to evaluate Merchant volume performance. At the close of each Contract Quarter, Customer will provide actual volumes for each Merchant for that Contract Quarter. The Postal Service will validate the actual volume provided by Customer against the volume within Postal systems using the information provided for such Merchants. Volumes provided by Customer for any Merchant that are not associated with such Merchant in Postal data systems will not be counted. Once validated, the Postal Service will compare the actual volume of Total Packages shipped by each Merchant to the volume forecast for that Merchant for such Contract Quarter. The following adjustments apply where applicable:
 - a. If the actual volume shipped by Merchant is less than the volume forecast for two consecutive Contract Quarters, the Postal Service reserves the right to adjust the tier for such Merchant to the tier achieved based on the most recent four (4) Contract Quarters' volume. If a Merchant has shipped less than four (4) Contract Quarters, the volume shipped will be annualized based on the number of full Contract Quarters the Merchant has shipped under this Contract.
 - b. If the Customer provides an updated annual volume forecast segmented by Contract Quarter for a Merchant that estimates such Merchant's volume will exceed the annual maximum of the current tier, the Postal Service will review and will not unreasonably deny Customer's request to adjust the tier for such Merchant to the tier based on the updated forecast. Tier adjustments based on updated forecasts must be approved by the Postal Service in writing.
 - c. If the Customer provides an updated annual volume forecast segmented by Contract Quarter for a Merchant that estimates such Merchant's volume will be less than the annual minimum for the current tier, the Parties agree to adjust the tier for such Merchant to the tier based on the updated forecast.
 2. Tier adjustments, where applicable, will be made within thirty (30) days of the close of a Contract Quarter, provided that tier adjustments in Contract Quarter 1 will be made on January 26, 2020, and the Rate Change Dates in all subsequent Contract Years.
- I. Customer Tier Discount Setting for First-Class Package Service.
1. Beginning on January 26, 2020 until the earlier of: (a) the first effective date of any change in rates of general applicability for competitive products in 2021, or (b) February 1, 2021 ("2021 Rate Change Date"), Customer will pay published First-Class Package Service - Commercial prices less the Tier 3 discounts in Exhibit 2 for First-Class Package Service Contract Packages shipped using payment systems set forth in Attachment A.

RESTRICTED AND SENSITIVE BUSINESS INFORMATION – DO NOT DISCLOSE

2. For all subsequent Contract Years, Customer will pay published First-Class Package Service – Commercial prices less the discounts in Exhibit 2 based on the percentage of Customer’s First-Class Package Service package spend out of the spend on Total Packages shipped (“FCPS %”) during the most recently elapsed twelve (12) months’ period ending September 30th the previous year. First-Class Package Service tier discounts for subsequent years will be determined by the Postal Service and made effective on the Rate Change Dates in 2021, 2022, and all subsequent Contract Years.
